Subject: RE: RFP 031 Sumter County E911 Database

Good afternoon Chris,

At this time I don't have an alternate plan – the vendor that had originally approached me about the idea of building the system last year (whose price tag triggered the RFP process in the first place) did not even bother to submit a proposal. I have put a call and an email in to them to find out what happened but apparently their sales representatives have been shuffled around a little. I'm going to keep trying so I can at least find out what happened for my own curiosity. I didn't anticipate a flood of proposals but figured there would be at least a few.

The system wasn't an absolute must have, but the concept behind it was sound and would be beneficial to maintaining the highest accuracy possible for Sumter County's 911 system.

Thanks,
Silas
