Subject: County Health Department Director Vacancy

Bradley:

Sorry for the delay in getting back to you but I was out with a family matter.

I have discussed the health department director position with the physician in Hernando and she would not be willing to accept the position for the available salary. She currently makes approximately \$18,000 more and would expect a pay increase as well to consider the position.

We will need to re-advertise the vacancy see if we can get additional qualified applicants if the County wants to continue to try for a MD.

Please let me know and we can get the advertisement out again. I am in the office all week if you have any questions or concerns.

Michael

Michael L. Sentman
