**Re: Site Assessment Change Order
Sumter County Road Department
319 E. Anderson Ave.
Bushnell, Sumter County
Facility ID# 60-9600132
AET Project No. 25755.01**

Dear Mr. Wilson:

Advanced Environmental Technologies, LLC (AET) appreciates the opportunity to provide you with this change order proposal to continue site assessment activities at the above referenced facility. Due to the additional time and materials required to remove the additional impacted soils from underneath dispensers 5/6 and 7/8, AET is requesting additional funds to complete the site assessment. All field activities will be performed in accordance with Florida regulations governing groundwater sample collection procedures. AET is pleased to submit this change order for your review.

PROPOSED SCOPE OF SERVICES

The following outlines the tasks involved to complete the site assessment and reporting to be submitted to the Florida Department of Environmental Protection (FDEP):

Monitoring Well Installation and Groundwater Sampling

After reviewing the field notes and laboratory analytical data from the excavation event, AET is providing the following change order:

Task 1

- Additional equipment and hours for scheduling, soil screening and sampling during the soil excavation.

Task 2

- Oversee the installation of an additional shallow monitoring well, since the recovery well had to be removed during excavation of soils.
- Due to a drop in depth to water (from 12 to 14 feet below land surface [ft bls]), all shallow monitoring wells will be installed to a terminal depth of 20 ft bls instead of 15 ft bls as stated in the October 25, 2010 proposal.
- Oversee the installation of a deep monitoring well to a terminal depth of 35 ft bls instead of 30 ft bls as stated in the October 25, 2010 proposal.
- The difference in cost for the driller subcontractor expense, and the additional labor costs associated with the monitoring well installation and groundwater sampling activities are tabulated in the attached Cost Estimate Table.

4265 New Tampa Highway, Suite 1 • Lakeland, FL 33815 Phone: 863-619-9708 Fax: 863-619-7467

Project Compensation

Based on the above estimates, AET proposes to perform the above referenced activities at an estimated cost not to exceed an additional **\$6,960.12** without prior approval from the client or insurance.

It is understood that AET will have full site access and will perform all site activities within typical safety protocols. AET is prepared to schedule this project within two (2) weeks upon receipt of signed proposal and expects to complete the on-site portion of this proposal in four (4) days (weather permitting).

AET appreciates and thanks you for this opportunity to assist you with your environmental concerns. Should you have any questions regarding this proposal, please feel free to contact the undersigned at 863-619-9708. AET looks forward to working with you on this project.

Respectfully Submitted:
Advanced Environmental Technologies, LLC

Andres Sanchez, E.I.
Project Engineer

John A. Marks
Director of Client Services

BILLING AND PAYMENT: Invoices will be submitted monthly and shall be due and payable within (30) days of invoice date. Interest at the rate of one and one-half percent (1.50%) per month, but not exceeding the maximum rate allowable by law, shall be payable on any amounts that are due but unpaid within thirty (30) days from receipt of invoice, payment to be applied first to accrued late payment charges and then to the principal unpaid amount. AET may, at its option (and Client hereby acknowledges), withhold delivery of reports or any other data pending receipt of payment for services rendered.

The above proposal, including all previously submitted attachments, has been read and understood and is hereby agreed to and accepted. It is agreed that the attached "General Terms and Conditions" (which contains a limitation of liability provision), and addendum(s), if any, form an express part of the Contract, as evidence by my signature below:

Signed By _____ Title _____

Company _____ Date _____

A.E.T. GENERAL TERMS AND CONDITIONS

PROFESSIONAL RESPONSIBILITY. AET shall perform services consistent with skill and care ordinarily exercised by other professional consultants under similar circumstances at the time services are performed, subject to any limitations established by CLIENT as to degree of care, time or expense to be incurred or other limitations of this Agreement. No other representation, warranty or guaranty, express or implied, is included in or intended by AET's services, proposals, agreements or reports.

RELATIONSHIP OF PARTIES. Nothing shall be construed or interpreted as requiring AET to assume the status of owner, operator, generator, person who arranges for disposal, transporter or storer, as those terms or any other similar terms are used in any federal, state or local statute, regulation, ordinance or order governing the treatment, handling, storage or disposal of any toxic or hazardous substance or waste.

BILLING AND PAYMENT. Invoices will be submitted monthly and shall be due and payable within ⁴⁵ days from invoice date. ~~Interest at the rate of one and one half percent (1.50%) per month, but not exceeding the maximum rate allowable by law, shall be payable on any amounts that are due but unpaid within thirty (30) days from receipt of invoice, payment to be applied first to accrued late payment charges and then to the principal unpaid amount. AET may (and Vendor hereby acknowledges), at its option, withhold delivery of reports or any other data pending receipt of payment for services rendered.~~

LIMITATION OF LIABILITY. In consideration of potential liabilities which may be disproportionate to the fees to be earned by AET, CLIENT agrees to limit the liability of AET, its officers, directors, shareholders, employees, agents, and representatives to CLIENT for all claims or legal proceedings of any type arising out of or relating to the performance of services under this Agreement (including, but not limited to, AET's breach of the Agreement, its professional negligence, errors and omissions and other acts) to the greater of \$100,000 ^{\$1,000,000} or the amount of AET's fee for the project relating to the services. Failure of CLIENT to give written notice to AET of any claim of negligent act, error or omission within one (1) year of performance shall constitute a waiver of such claim by CLIENT. Neither party shall be liable for any indirect, special or consequential loss or damages.

~~**INDEMNIFICATION.** Subject to the limitation of liability set out above, each party agrees to indemnify, defend and hold harmless the other from any claim, suit, liability, damage, injury, cost or expense, including attorney's fees, (hereafter collectively called "Loss") arising out of any breach of this Agreement and not arising out of willful misconduct or gross negligence.~~

TIME OF PERFORMANCE. AET makes no warranties regarding the time of completion of services and shall not be in default of performance under this Agreement where such performance is prevented, suspended or delayed by any cause beyond AET's control. Neither party will hold the other responsible for damages for delays in performance caused by acts of God or other events beyond the control of the other party and which could not have been reasonably foreseen or prevented. Such delays will extend completion dates commensurately.

CHANGED CONDITIONS. If, during the course of the performance of Services, conditions or circumstances develop or are discovered which were not contemplated by AET and which materially affect AET's ability to perform or which would materially increase the costs to AET of performing, then AET will notify CLIENT in writing, and AET and CLIENT shall renegotiate in good faith the terms of this Agreement within thirty (30) days. Alternatively, either party shall thereupon have the right to terminate the Agreement; provided, however, that upon any such termination, AET shall be compensated for services rendered to the date of termination.

AET'S REMEDY FOR BREACH OF AGREEMENT. Upon Client's and/or Co-Obligor's failure to perform its obligations under this Agreement in a timely fashion, AET may, at its election, terminate the contract entirely. Client's obligation to pay AET any fees and expense shall be timely if paid within 30 days after the date such fees and expenses are invoiced. Client's obligation to cure any dangerous, hazardous, or unsafe condition shall be timely if it is cured immediately upon receiving notice of such condition. All other obligations shall be considered performed timely if such obligations are completed within 30 days after such obligation arises by operation of law or by the terms of this Agreement. The parties hereby agree that if AET terminates this Agreement, AET shall have no further obligation to perform under this Agreement, and all outstanding amounts will be immediately due and payable. Further, if AET terminates this Agreement, the indemnification provisions contained herein shall survive such termination, and the obligations related thereto shall continue notwithstanding such termination.

CLIENT'S REMEDY OF BREACH OF AGREEMENT. If AET fails to perform in the manner provided by this Agreement, Client shall notify AET of such non-compliance, specifying each non-compliance with sufficient specificity to allow AET to correct such non-compliance (hereinafter "Notice of Non-Compliance"). AET shall have a period of thirty days from the date of the receipt of the Notice of Non-Compliance from Client to correct such non-compliance. If AET fails to correct the non-compliance, Client may elect to terminate the Agreement. The Agreement shall not be terminated until AET receives written notice mailed to 208 N. Magnolia Street, Albany, Ga. 31707, of such termination. If Client terminates the Agreement, Client shall remain obligated on all outstanding balances. Further, the indemnification provisions contained herein shall survive the termination, and the obligations related thereto shall continue notwithstanding the termination. Upon termination, AET shall have no further obligations arising under this Agreement.

~~**ATTORNEY'S FEES AND COSTS.** If AET is required to file or defend any action to enforce or interpret provisions of this Agreement, AET shall be entitled to recover all reasonable attorney's fees, costs and expenses, including staff time at current billing rates, court costs and other claim related expenses. If AET is required to respond to any order for the production of documents or becomes a witness in any proceeding regarding the Services, Client agrees to pay AET time and materials based on AET's then current schedule of charges and to reimburse AET for all costs and expenses incurred by AET not reimbursed by others, in responding to such order, including attorney's fees.~~

SEE ATTACHEA

GOVERNING LAW. This Agreement shall be interpreted and enforced in accordance with laws of the State of Georgia. Client hereby consents to the jurisdiction and venue of the Superior Court, the State Court and the Magistrate Court of Dougherty County, Georgia to interpret and enforce this Agreement.

ATTORNEY'S FEES AND COSTS

It is specifically agreed and stipulated that if this matter consisting of unpaid charges supported by invoice and accrued charges is placed in the hands of an attorney, the prevailing party is in litigation arising from this contract shall recover from the losing party reasonable attorney fees. Should a suit be instituted, the undersigned consents to venue being in Sumter County, Florida.

DRILLING RATE SCHEDULE

February 15, 2008

from 10/25/10 proposed

Contractor Name: AET-John Marks

Site Name & Location: Bushnell, FL

Date: 10/18/10

FAC ID#:

PROPOSED SCOPE OF WORK:

HDR#

1025-10

1) 2" MW Well to 15' w/ 10' of .01 Screen, No SPT's, 6" MHC

1) 2" MW Well to 30' w/ 6' of .01 Screen, No SPT's, 6" MHC

DRILLING	Unit	Unit Rate	Number of Units	Extended Price
Rig Type: Auger/Retrievable <input checked="" type="checkbox"/> Other _____				
Spill Spoon Collection (as discussed in S-1000) (can be used in conjunction with well installation) (includes labor)				
<50 foot boring depth	per foot	\$9.88		\$0.00
50 foot to 100 foot boring depth	per foot	\$12.88		\$0.00
>100 foot boring depth (Multiple quotes required)	per foot	NA		
Borehole Grouting				
4-inch borehole diameter	per foot	\$6.04		\$0.00
6-inch borehole diameter	per foot	\$8.77		\$0.00
8-inch borehole diameter	per foot	\$11.48		\$0.00
1" - 2" Well Installation (includes: casing, screen, riser, sand pack, seal and grout)				
<50 foot boring depth	per foot	\$23.25	90	\$2,092.50
50 foot to 100 foot boring depth	per foot	\$25.17		\$0.00
>100 foot boring depth (Multiple quotes required)	per foot	NA		
6" Well Installation (includes: casing, screen, riser, sand pack, seal and grout)				
<50 foot boring depth	per foot	\$30.55		\$0.00
50 foot to 100 foot boring depth	per foot	\$32.89		\$0.00
>100 foot boring depth (Multiple quotes required)	per foot	NA		
Recovery Well Diameter: 4" - 8"	per foot	\$66.67		\$0.00
Double Cased Wells				
6" Surface Casing	per foot	\$38.75	23	\$892.75
8" Surface Casing	per foot	\$49.31		\$0.00
Well Completion (includes: 20 minute desilting, 100' w/ cement, concrete pad, locking well cap, seal saw/lockhammer prep)	per well	\$172.50	5	\$862.50
1" - 2" Well Abandonment (includes grouting)	per foot	\$3.78		\$0.00
3" - 4" Well Abandonment (includes grouting)	per foot	\$8.18		\$0.00
5" - 6" Well Abandonment (includes grouting)	per foot	\$10.67		\$0.00
2' x 2' Well Pad Removal and Patch	each	\$81.27		\$0.00
MISCELLANEOUS				
Mobilization	round trip	\$510.73	1	\$510.73
Per Diem	per person / per night	\$117.95		\$0.00
DOT Approved 55-gal Drum	each	\$48.31		\$0.00
Permits (posting or abandonment only) (only actual costs are accepted)	each (actual)	\$50.00	2	\$100.00
Other (specify)				\$0.00
Other (specify)				\$0.00
Other (specify)				\$0.00
Additional Development Time (Requires prior approval)	per hour	\$127.24		\$0.00
Additional Decommissioning Time (Requires prior approval)	per hour	\$123.44		\$0.00
Steady/Delay/Difficult Access Time (Requires prior approval)	per hour	\$182.32		\$0.00
TOTAL PRICE				\$3,565.73

DRILLING RATE SCHEDULE

February 15, 2008

Contractor Name: AET-Andres Sanchez

Site Name & Location: Sumter Co Rd Dept-Bushnell

Date: 1/14/11

FAC ID#:

PROPOSED SCOPE OF WORK:

HDI#

1055-10A

(5) 2" Wells to 20' w/ 15' of .01 Screen, SPT's on (4), 8" MHC, (1) By Hand

(1) 2" Double Cased Well to 35' w/ 5' of .01 Screen, 25' of 6" Surface Casing, SPT's, 6" MHC

Core Machine Rental

DRILLING	Unit	Unit Rate	Number of Units	Extended Price
Rtg Type: Auger/Mud Rotary <input checked="" type="checkbox"/> Other _____				
Split Spoon Collection (continuous or 5' intervals) (can be used in conjunction with well installation) (includes decon)				
<50 foot boring depth	per foot	\$9.89	115	\$1,137.35
