A critical review of previously submitted reports identified several accounting errors. These errors were due to posting of some data in incorrect reporting fields and due to the addition of animals acquired from the close of one reporting period to the beginning of the next. New procedures have been implemented to eliminate these reporting gaps.

Reconciliation from originally submitted report:

A. Beginning Animal Count (Corrected Total 56 vs 59 – Subtracted 3 Dogs)

V. Ending Shelter Count (Corrected Total 56 vs 59 – Subtracted 3 Dogs)

This monthly report is created with data exported from the SCAS records management system (RMS). The attached *Kennel Statistical Report* provides the corresponding data output from the RMS, and identifies the data fields and how they correspond to the fields presented in this monthly report.
