Pavement Preservation project: Cul-de-sac closure and schedule

The Villages, FL –

Sumter County contracted with Reliable Pavement Maintenance through CW Roberts to apply high-performance Polymer-Modified, fiber reinforced asphalt emulsion on designated Cul-De-Sacs. Polymer-Modified, fiber reinforced asphalt emulsion acts as a protective layer for the underlying asphalt pavement extending the life of the pavement. This notice is provided one week before the start of the project.

- Expect the designated Cul-De-Sac to be closed for 13 hours (7 am-8 pm). Work is to begin, and the Cul-De-Sac will be closed at 7 am. Homeowners can reenter with their vehicles at 8 pm once work/cure time ends. During these 13-hours, there will be no access to the Cul-De-Sac, and traffic control specialists will be onsite to inform residents of the closure from 7 am to 8 pm. After hours, the Cul-De-Sacs will be blocked off using traffic control devices, and only homeowners will be allowed access. Under no circumstances should anyone drive or walk on the Cul-De-Sac during the 13-hours of closure; otherwise, damage to the Cul-De-Sac and personal property (i.e., Vehicles, Golf Carts, Pets, and Clothing) will occur.
- The Sumter County Ordinance prohibits vehicles from parking on the street, there are designated parking locations, as shown with this notice. A shuttle service will be provided from 7 am to 9 pm (Monday thru Friday) for residents affected by this closure to and from the parking location and the area of the residence only. Selection of the parking area will be the one most convenient to the affective residential area. To schedule a pick-up, call **863-812-1882** to connect to the shuttle driver, provide your name, address or parking location, and pick-up time. Please allow the driver up to 15 minutes to arrive for the pick-up. After pick-up, please provide the driver with the residence address or designated parking area.
- For emergencies (Fire, Medical, etc.), please call 911. Emergency vehicles will be allowed full access to roadways at ALL times.
- Make sure no vehicles, boats, trailers, etc, are parked on or near the roadway during the scheduled 13-hour closure time.
- Don't place or allow to be placed, garbage, or debris in the roadway.
- Turn off all irrigation systems for this day, starting at midnight the night before. Asphalt Emulsion performs best when placed on a dry surface, and often irrigation systems wet the roadway. Feel free to resume normal irrigation after the cul-de-sac reopens.

Designated Parking Locations

- Location #1- Polo Ridge Postal Station
- Location #2- Summer Hill Postal Station
- Location #3- Glenn Brook Postal Station
- Location #4- Winifred Pool
- Location #5- Mallory Hill Golf and CC
